WHAT:

Hunter Mill District Supervisor Cathy Hudgins and the Office of Community Revitalization and Reinvestment (OCRR) invite you to participate in this important next step in the process to revitalize the Lake Anne Village Center (LAVC).

While the feasibility of the 2009 Comprehensive Plan options continue to be explored, the County and community recognize that there is an immediate need to stabilize and sustain the non-residential uses in the LAVC and to attract new complementary uses.

At this Public Workshop, the County's consultants will discuss current conditions affecting these uses and will present potential short and long term strategies and actions.

You are invited to attend the Public Workshop, as the County seeks your feedback as it prepares a plan to sustain and enhance the Lake Anne Village Center!
